

# Portable RelayDoc

The Portable RelayDoc is a portable relay testing system designed to assess the condition of your relays with ease and accuracy. Including an Android tablet preloaded with our RelayDoc app featuring a simple pass-or-fail test format, the RelayDoc is the perfect tool for your on-site maintenance needs.

Test reports are generated automatically and stored internally where they are then available for on-screen viewing and analysis.

## **On-The-Go Relay Testing**

Now available in a portable version, RelayDoc makes on-the-go relay testing painless. Simply plug in a relay and press test. RelayDoc automatically performs numerous tests on your relays using key performance indicators to provide you with an instant state of condition report to help you find faults, and repair them quickly and easily.

### Features

- Portable, anti-shock carry case
- Tests PN150, PN250, B1, B2 and BR930 relay types
- Automatic relay-type detection using code-pins
- Simple user interface and test functionally in Android application
- Tablet provided with each unit
- Remote data access via web server
- LAN & USB
- Barcode reader compatible
- Displays test results in a simple pass/fail format

## **Benefits**

- Fast and reliable asset monitoring
- Targeted maintenance management
- Remote access to recorded data
- No training required

#### Part Numbers

| Portable RelayDoc      | PRD          |
|------------------------|--------------|
| Test Base BR930 Relays | PRD-TB-BR930 |
| Test Base PN150 Relays | PRD-TB-PN150 |
| Test Base PN250 Relays | PRD-TB-PN250 |
| Test Base B1 Relays    | RP-TB-B1     |
| Test Base B2 Relays    | RP-TB-B2     |

### **Technical Specifications**

| General Data           |                   |
|------------------------|-------------------|
| Dimensions (W x H x D) | 300 x 304 x 194mm |
| Weight                 | 5.4kg             |
| Operating Temperature  | -20 to 60°C       |

#### Test Range

| Coil voltage | 0 - 110V DC                            |
|--------------|--|
| Coil current | 0 - 500mA                              |
| Coil type    | Single, Dual (Twin), Latch and Current |
| Contacts     | Up to 32 contacts testable             |

#### **Relay Test Parameters**

| Contact configuration ch                | leck                                      |  |
|---|---|--|
| Max coil power                          |   |  |
| Operate and Release voltage and current |   |  |
| Coil resistance:                        | 0 - 5K, Tolerance +/-1%                   |  |
|   | Resolution 1R                             |  |
| Contact resistance range                | e: 0 - 500R, Tolerance +/-1%              |  |
|   | Resolution 0.001R                         |  |
| Contact switch time:                    | +/-0.01 sec                               |  |
|   | Resolution 0.001s                         |  |
| Clean current:                          | 100 - 3000mA, Tolerance +/-1%             |  |
|   | Resolution 10mA                           |  |
| Coil voltage:                           | 0 - 50V, Tolerance +/-1%, Resolution 0.1V |  |
